BEHIND THE SCENES

Slowly but surely, we are inching our way back to normality. Many of you are now venturing from your temporary home offices and are back in your respective places of business. In contrast, your club has continued its' operations albeit within established guidelines. Now it appears that we can expand our offerings and service and I wanted to share what's been happening behind the scenes in preparation for this and the coming phase.

Chef Christian Rossit has recently assumed the role of Executive Chef with a creative zeal in utilizing fresh and locally sourced products. Chef Rossit is currently in the process of elevating our culinary offerings with new breakfast, lunch, and dinner menus.

DAVID COUGHLIN
COO, MBA, MHRM
GENERAL MANAGER

As previously announced, we have recently brought aboard a stellar executive chef who is in the process of elevating our culinary offerings. The transformation is indeed exciting and this work in progress incorporates an array of complimentary elements. His new breakfast, lunch and dinner menu items require the acquisition of both equipment and supplies to enable their preparation and service. *Chef Rossit* insists upon utilizing fresh locally sourced products, the in-house processing and cutting of steaks and fish, and the preparation of his own pasta. Additionally, some new dinner ware and steak platters must be acquired which will enhance both the presentation and service aspects of dining. Another critical key component is the training and development of a capable supporting kitchen staff and service staff. Note that like many hospitality properties CCBR is in the process of augmenting its' staffing with an ambitious recruitment effort. As the pandemic-related restrictions lessen, *Chef Rossit* and "Z" have recently reached out to the Louisiana Culinary Institute in search of young interns as an adjunct to employing other recruitment avenues. Although new menus have been created, their implementation will commence once all the above components are in place, which should be in just a few weeks. In the interim new menu specials and preparation techniques have already been instituted in our dining venues.

The long-awaited good news is that your club is now open for business and able to host your special social or business events. Just give "Z" a call and he will gladly accommodate your request. It's time to celebrate and we are here to help you enjoy life once again with a much-needed escape from that lengthy semi- house arrest.

In recent weeks we have noticed a welcome increase in member and guest a la carte dining. In fact, the relaxation of COVID restrictions has released member pent-up demand and we have approached full capacity on several occasions. We strongly suggest that you call ahead for reservations to help us in staffing, preparation and to avoid the disappointment of finding us unable to accommodate you. Please also note that the club's dress code, which has been relaxed during the COVID-19 pandemic, will once again be administered. We appreciate your consideration and cooperation in this respect. We look forward to seeing you at the club and enjoying your home away from home.

CITY CLUB
of BATON ROUGE

RHAOUL A. GUILLAUME
CITY CLUB PRESIDENT

MY FELLOW MEMBERS

As I write this, I am both optimistic and excited as we move out of the mandated pandemic related restrictions. Our club is emerging from Phase II into the Phase III operational phase of COVID-19 which better allows us more latitude in occupancy and capability. This enables us to return to a near-normal mode that will address the pent-up demand of our membership and allow us to commence hosting the many highly regarded social and business events for which the club is so well known.

Your board of governors and I are extremely proud and grateful for the support that you, the membership, have shown our club throughout this unprecedented event. Your continuation of your memberships and dues has financially sustained the club and more importantly, allowed us to compensate our many long-term employees. Clubs were not included in the federal PPP assistance program and without your support these employees would have endured financial hardship.

Despite the unwelcome onset of this pandemic, our club has accomplished some very notable achievements. We are financially stable and have a strong cash position. At the beginning of the year we hired a new general manager, *David Coughlin*, who greatly assisted the club through the recent challenges. This was shortly followed by the return of *Zafer Goncu*, better known as “Z”, the catering manager. More recently we were able to engage the services of a premier chef, *Chef Christian Rossit*. These personnel actions signal positive progression for future club operations.

We have also utilized this time to initiate some major needed capital improvements for the betterment of the club. The most significant of these is the re-engineering of the club’s roof, which is in the final phase. Additionally, the revamping of the Veranda Bar area is another improvement underway. Behind the scenes the club’s mechanical infrastructure is being addressed with special emphasis on our air conditioning systems. During the complete shutdown we were able to address many other aesthetic and cosmetic needs that enhance the club’s ambiance.

In conclusion, I want to again express my gratitude to the membership. I also want to thank my fellow board members for their counsel and support. Lastly, we all owe a huge thank you to the management and staff of our club who were able to efficiently and effectively guide our club through these trying times. We look forward to your safe return to our beloved club.

A Message from the Membership Director

Dear Members,

While this Fall is certainly going to feel different than usual, we hope that the City Club can be a safe haven in the midst of uncertainty. From the opportunity to work remotely, a chance to dine out at a place that has made health and safety a top priority, to a few carefully upcoming planned events (*announcements and details coming soon*) to get your mind off of stressors, we are doing everything we can to provide our members some relief.

The community we have here at the City Club is very special, and our recent experiences have only highlighted the importance of spending time with the people we care about the most. As we move into a new month and a new season, we want the dining room to be filled with familiar faces; we want you to attend events and be surrounded by people you know; and we want your life milestones to be celebrated in our spaces with family and loved ones.

Our membership's friendly ways of welcoming and reaching out to members is what makes us who we are. As your Membership Director, I can't stress enough that you are our best source in reaching out to new prospects. Contact your friends, neighbors, colleagues, and invite them to check out the many things that the City Club has to offer. Help us grow our community here and create a safe, secure environment where your social, professional, and personal needs are met.

My focus over the next few months is going to be twofold: growing our membership and building our community, as well as strengthening the communications, and encouraging members to share stories and experiences at the City Club. Please reach out to me with referrals, with questions, or to tell me your story of membership. I am here to help in any and every way I can: 225-387-57671 or marymilton@brcityclub.com.

Thank you and I look forward to speaking with you.

Mary Milton
